

GET PREPARED

The Owl Family Learns
All About Getting Ready for Emergencies

**Hi! We're the owl family and
we're here to teach you how to
get prepared for disasters!**

There are different kinds of disasters and they can make us nervous and scared.

FLOOD

FIRE

STORMS

We hope that we will never have to deal with disasters, but it makes them a lot less scary if we are prepared, so let's get ready!

One of the best ways to get ready is to make an emergency bag with all of the things your family will need.

Here are some supplies you and your family should put in your emergency kit:

- | | |
|--|--|
| <input type="checkbox"/> Flashlights | <input type="checkbox"/> Bottled water |
| <input type="checkbox"/> Glow sticks | <input type="checkbox"/> Canned food |
| <input type="checkbox"/> Battery-powered lantern | <input type="checkbox"/> Batteries |
| <input type="checkbox"/> Hand-crank or battery-powered radio | <input type="checkbox"/> Blankets |
| | <input type="checkbox"/> First aid kit |

Can you color the items that you would put in your family's emergency kit and cross out the silly ones?

If you have pets you'll need food and supplies for them too.

What kinds of food do you like to eat that comes in a can? Can you draw some food on these cans so you know what's in each one?

If you have a baby in your family it's important to keep diapers, bottles, and baby food in your emergency bag.

Your parents should also make sure that any medicines you need are in your emergency bag too.

Playing games is a fun way to pass the time when you are waiting out a disaster. You can put a deck of cards or other small games in your emergency bag.

Every home should have working smoke detectors
and carbon monoxide detectors.
You can test them with your parents once a month.

Here is something all families should have in their
home in case of emergency. Can you connect the
dots to figure out what it is?

It's important to make a communication plan so you can always know how to get in touch with your family.
