ENERGY SAVING TIPS

Turn off the lights when you're not using them.

Use your lights only when you need them. It's an easy way to save.

Open your shades to let in daylight.
Make use of natural light from the sun and turn off your lights to save energy.

Switch to energy-saving LED bulbs.
This 9W LED light bulb gives off as much light as a 60W incandescent. Every old bulb you replace with an LED will save energy and money!
