

MEET THE POLICE

Who They Are and What They Do in Our Community

**Police officers help people every day!
They're in your neighborhood to keep you
safe, and they do lots of important jobs.**

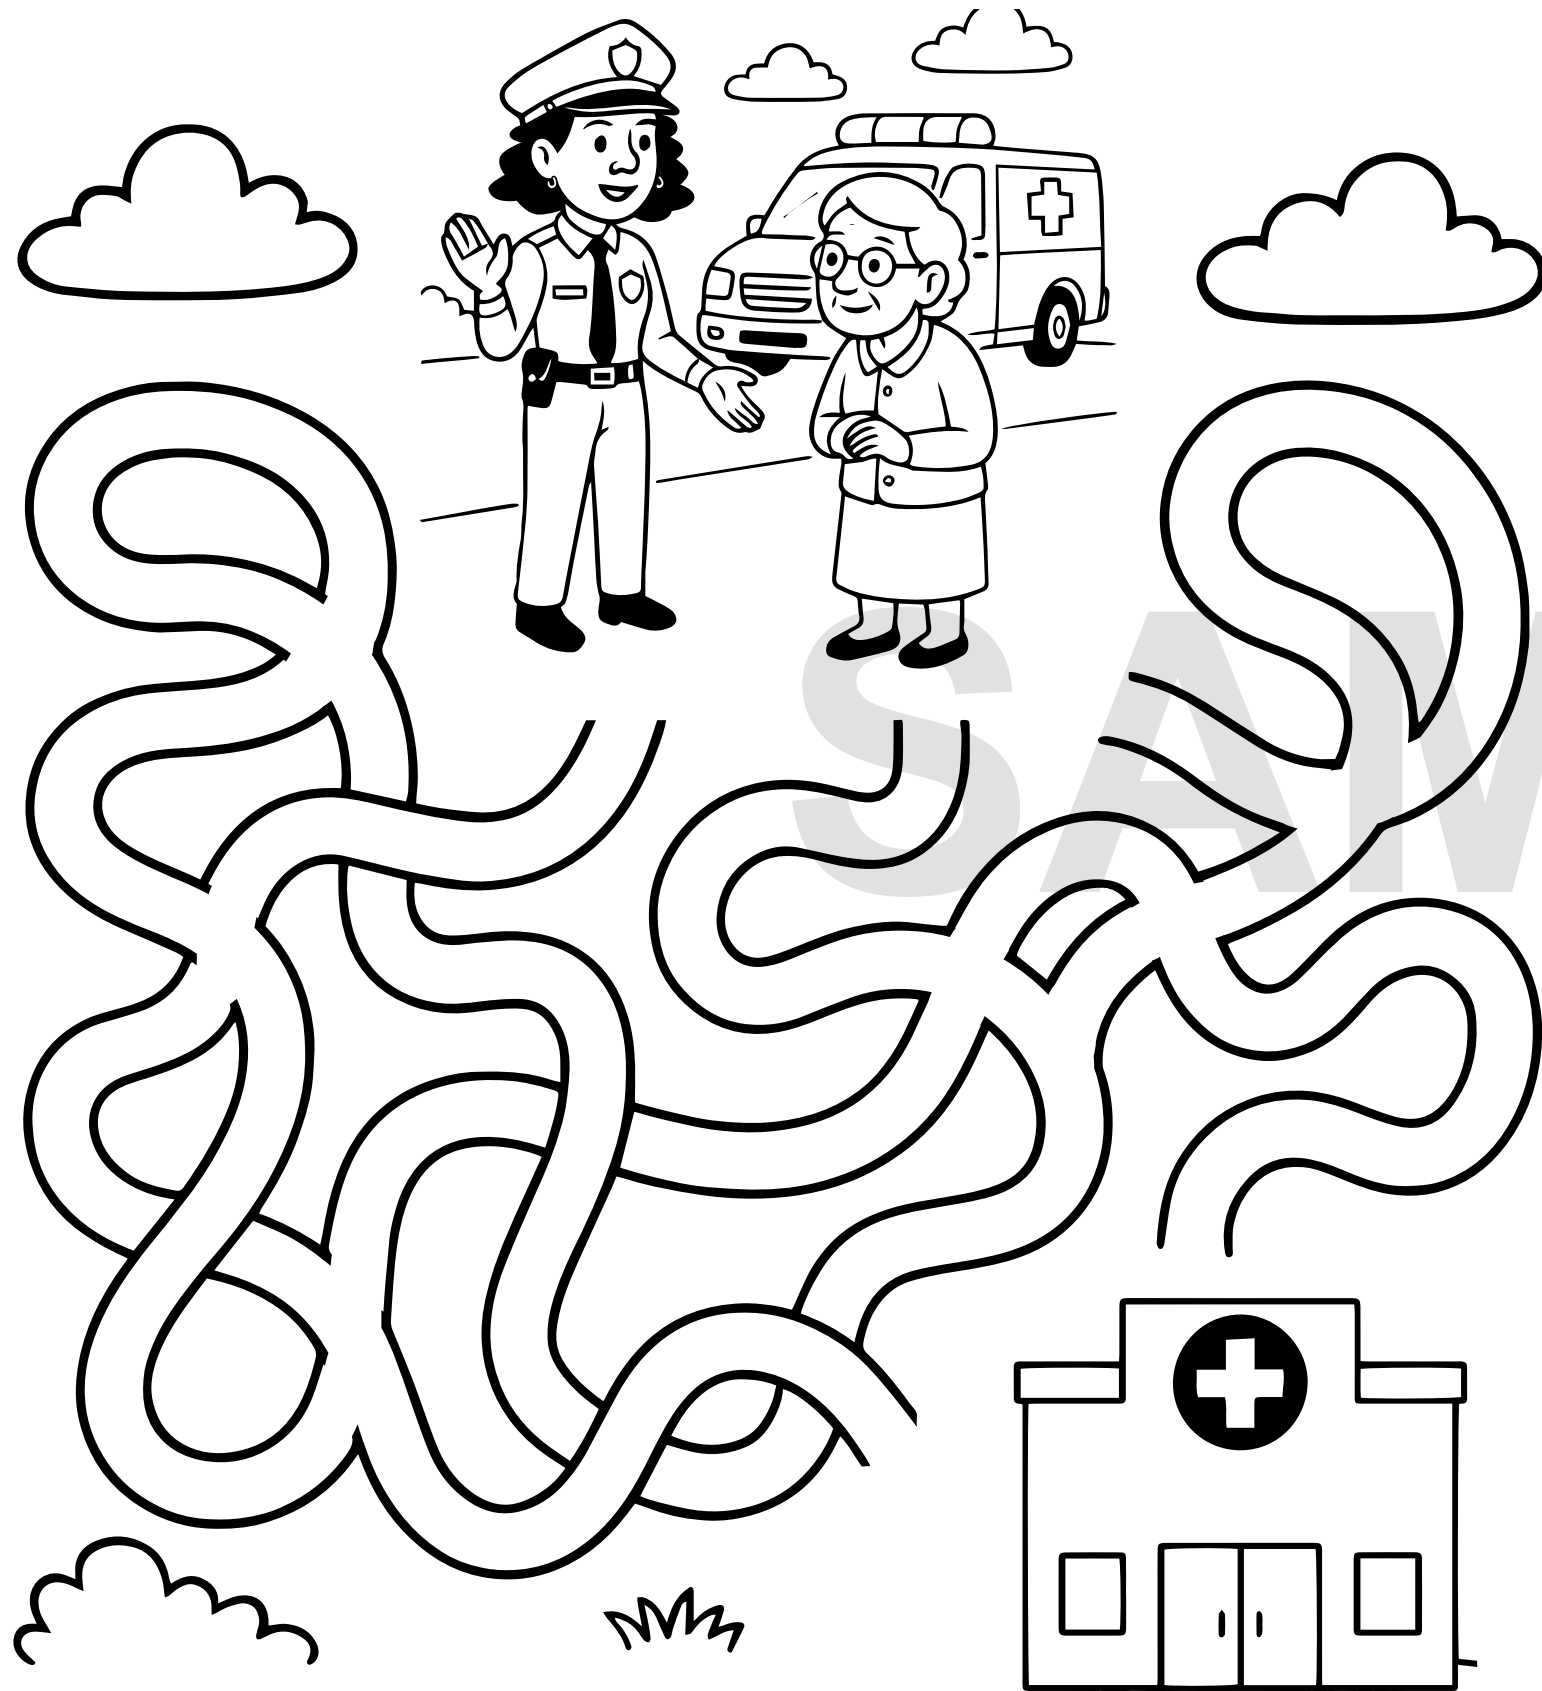

Police walk through our neighborhoods and drive through our streets to keep everybody safe.

Police officers investigate when something goes wrong. Can you find a clue in this drawing and help the police solve the crime?

**Police are there to help in emergencies.
Can you help them get our friend to the doctor?**

**You might see police officers in your school.
Sometimes police work in schools, and sometimes
they visit to teach kids about safety.**

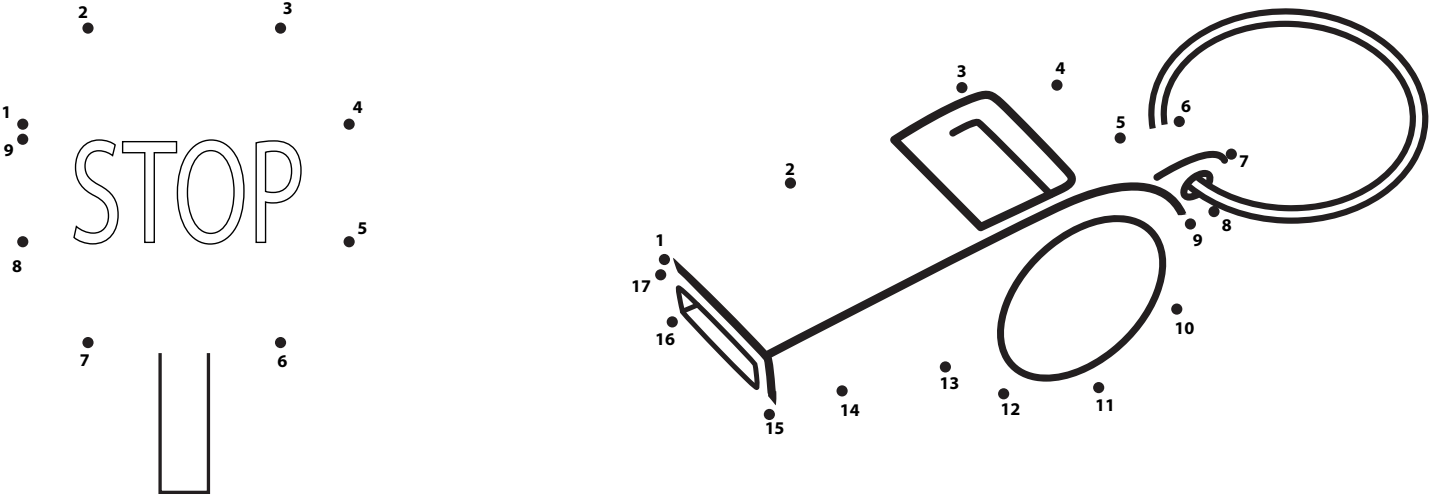

Police help find things that are lost!

Police help traffic move safely.

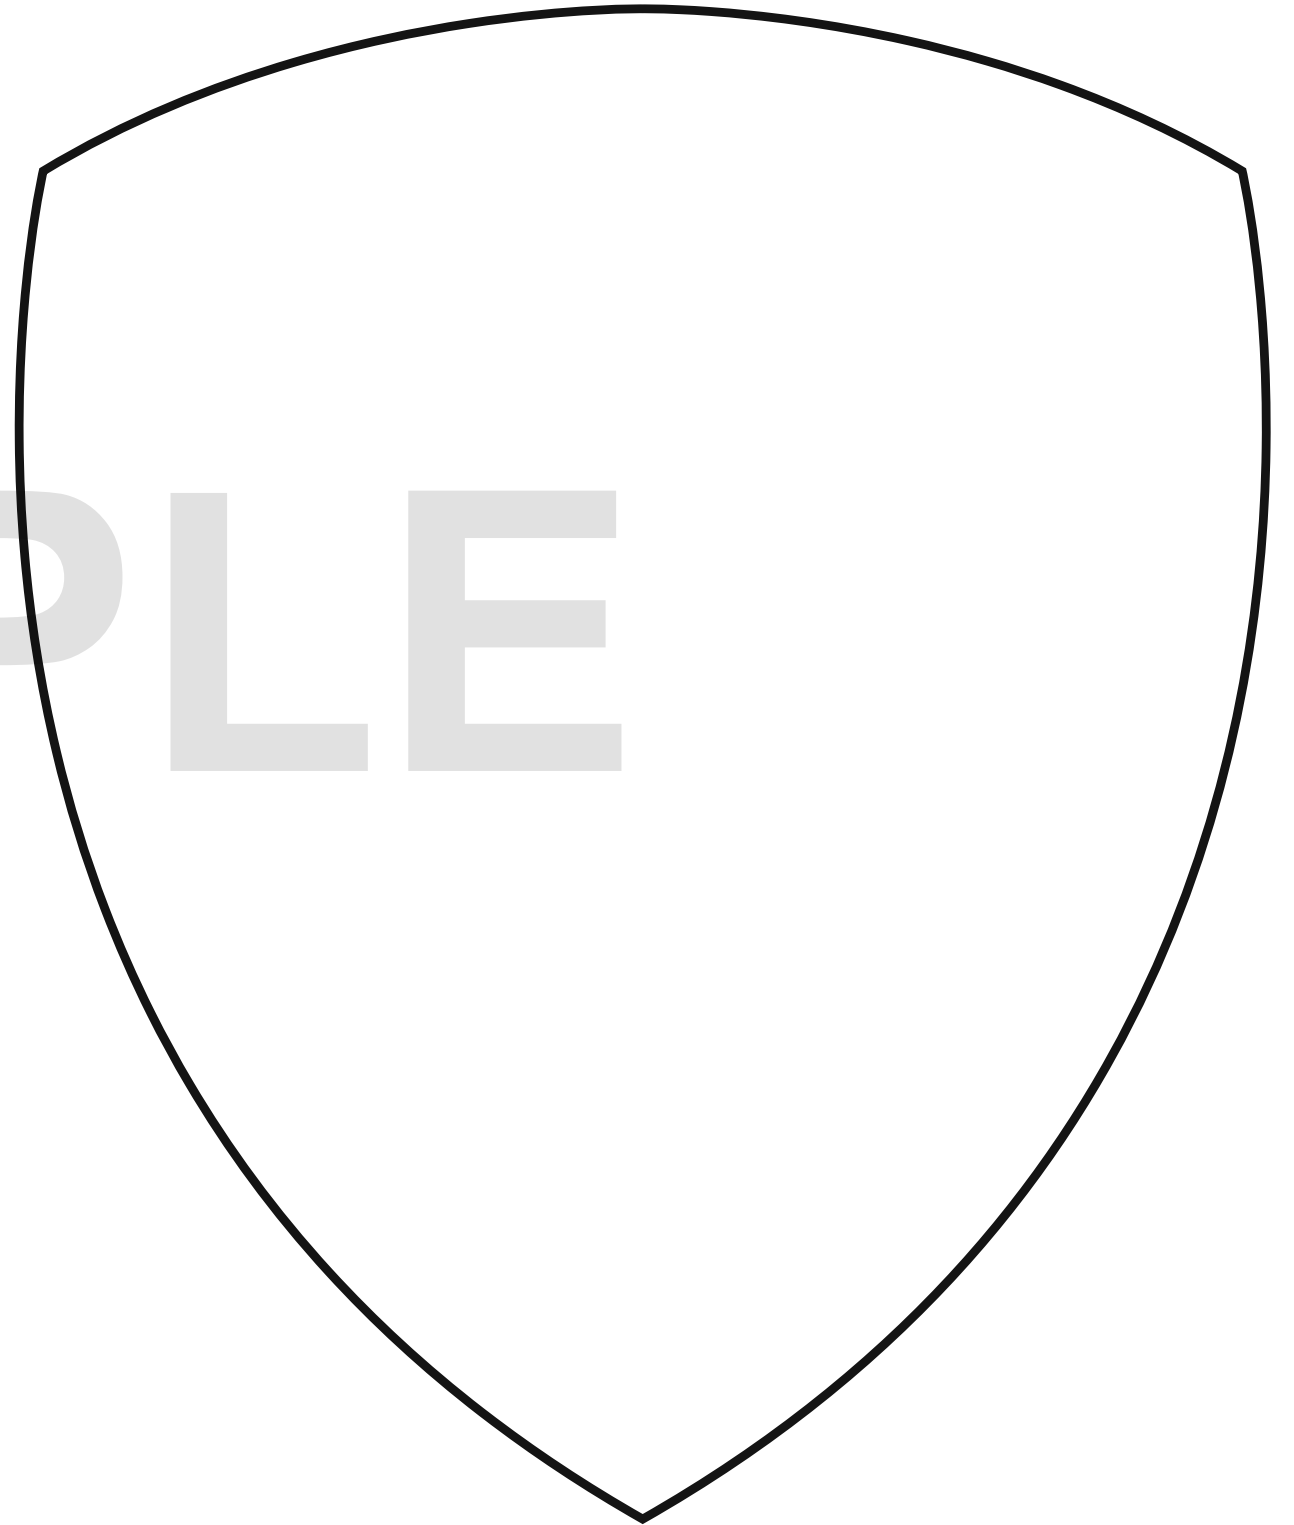

Can you connect the dots to see some tools they use for traffic safety?

**Police dogs help officers do their jobs.
They are very well trained—and very cute!**

**Police wear special uniforms so you'll know who
they are. They also wear shiny badges. Can you
draw your own police badge?**

Police work with firefighters, doctors, ambulance drivers, and lots of other people in our neighborhoods to keep us safe.

**There's a special number to call in an emergency: 911.
That number reaches the police right away.
Remember, call only in an emergency.**

**Police officers have important jobs, and they're
there to help in your community!**
